RELION
FINANCE

**YOUR HOSPITALITY AND CATERING
FINANCE & LEASING EXPERTS**

WE DETERMINE WHAT **OPTIONS** ARE AVAILABLE IN THE MARKET, COMPARE INTEREST RATES DAILY, AND PASS ON THE **BEST** CHOICES TO OUR CUSTOMERS

RELION FINANCE ARE A NATIONAL FINANCE BROKER HELPING BUSINESSES IN THE HOSPITALITY AND CATERING INDUSTRY REACH THEIR FULL POTENTIAL.

As specialists in equipment finance we determine what options are available in the market, compare interest rates daily and pass on the best choices to our customers. The number one complaint from our customer research is that leasing can be complicated and can consume too much time. What Relion Finance have done is taken the complexity out of leasing and simplified the process. Your previous experiences may have led you to believe that applying for finance can take many weeks. Relion Finance have streamlined the approval process so that the typical turn around time for an approval is 24 hours.*

NEW BUSINESSES

If you are you thinking of opening your own business in Hospitality and Catering, you may compromise your cash flow by buying the equipment you need to get started. Leasing, as an alternative to buying, offers a number of advantages. If you are a property owner (or if you have a mortgage), have previous industry experience and have a clear credit history then applying for finance couldn't be easier. Simply complete the Relion Finance application form.

REFURBISH & REFRESH

We specialise in providing finance for businesses looking to refurbish their existing premises. We finance new *and* used equipment - whether it's a single item, a complete refit or anything in between.

COMPUTER EQUIPMENT

What a difference a modern electronic menu ordering system, point of sale, office computers or security system can make to your business. Whether you are investing in a brand new solution or upgrading an existing system we can help you by financing this equipment.

FIT-OUT

We specialise in helping new business owners fit-out cafes, restaurants, bars and clubs. A fit-out may include a new exhaust hood, grease trap, brand new commercial kitchen, dining tables and chairs or computer equipment. Please discuss your requirements with one of our trained consultants.

FINANCE OPTIONS

You will qualify for "Full Doc" or "Low Doc" options depending on your circumstances. Full Doc finance is available to businesses who can provide their previous two years finalised financials and demonstrate profitability. Low Doc finance is for those trading less than 2 years or for businesses that cannot provide finalised financials.
